YCB Level 4 Yoga Master

- YCB Level 7 Yoga Consultant
 - MA in Yogashastra
- +91 9607517375

Dear Future Yoga Teacher,

Welcome.

Whether you are here because you wish to become a yoga teacher, deepen your own practice, or simply understand yoga beyond the physical postures, we are delighted that you are considering this journey.

When we began our own careers, neither of us imagined that yoga would become our life's work. We came from different professional backgrounds, pursued higher education in other fields, and eventually found ourselves drawn towards yoga—not as a hobby or a fitness trend, but as a profound science of living.

As we studied more deeply, we realised that yoga is much more than flexibility or physical exercise. It is a discipline that helps us understand the body, regulate the mind, cultivate awareness, and live with greater clarity and balance. The more we learnt, the more we felt a responsibility to share this knowledge in a way that is authentic, practical, and relevant to modern life.

Over the years, we have had the privilege of teaching students from diverse backgrounds, conducting workshops, retreats, corporate wellness programs, and collaborating with government organisations. Yet, even today, we continue to consider ourselves students first. Yoga is a lifelong journey of learning, observation, and practice.

This program has been created with the same philosophy.

Rather than preparing you only to pass an examination, our goal is to help you become a sincere practitioner first. Because we believe that meaningful teaching begins with personal experience. Once yoga becomes a part of your own life, sharing it with others becomes natural.

Over the next five months, we will explore yoga together—through practice, philosophy, anatomy, physiology, meditation, teaching methodology, and thoughtful discussion. You will be supported at every stage, from your very first class to your certification examinations, and beyond.

Whether you choose to teach professionally, integrate yoga into your current career, or simply enrich your own life, we hope this journey leaves you with knowledge that stays with you for years to come.

We look forward to learning with you.

With warm regards,
Devika & Shweta

Why Choose a YCB Certification ?

Today, yoga is being taught in many different ways. While this has made yoga more accessible, it has also made it difficult for students to understand which qualifications are recognised, what standards are followed, and how to choose a credible teacher training program.

The Yoga Certification Board (YCB) was established by the Ministry of AYUSH, Government of India, to create a structured and nationally recognised framework for yoga education and certification. Its examinations assess not only your practical skills, but also your understanding of yoga philosophy, anatomy and physiology, teaching methodology, ethics, and the ability to guide others with confidence and responsibility.

Unlike courses that focus only on learning postures, the YCB pathway prepares you to become a knowledgeable and competent yoga teacher with a balanced understanding of both traditional wisdom and modern scientific principles.

The YCB certification is recognised across India and is respected internationally. It opens opportunities to teach in yoga studios, wellness centres, schools, corporate organisations, retreats, and many other professional settings. More importantly, it gives you a strong educational foundation that supports lifelong learning in the field of yoga.

About the Yoga Certification Board

The Yoga Certification Board functions under the Ministry of AYUSH, Government of India, and conducts standardised certification examinations at different competency levels, from beginner instructors to advanced Yoga Masters.

To learn more about the Yoga Certification Board, visit:
<https://yogacertificationboard.nic.in>

Our Approach

While YCB examinations begin at the teacher certification level, many students are completely new to yoga and benefit from a structured foundation before stepping into professional training.

That is why our program begins with Yoga Pravesh and Yoga Parichay, creating a gradual and meaningful learning journey.

These two stages help you build confidence in your personal practice, understand the fundamentals of yoga, and develop a strong conceptual base before progressing to the YCB certification levels.

We believe that before we teach yoga, we must first experience it ourselves.

That philosophy forms the foundation of this entire programme

Course Structure

Duration: 5 Months

- Mode of Learning :100% Online Live Classes
- All Sessions Recorded
- Comprehensive Study Notes
- Interactive Doubt-Solving Sessions
- Complete Guidance for Every Examination

Class Schedule

Practical Sessions

Monday to Friday

6:00 AM – 7:00 AM

Daily guided practice focusing on asana, pranayama, meditation, alignment, and teaching demonstrations.

Theory Sessions

Tuesday, Wednesday & Thursday

9:00 PM – 10:00 PM

Interactive sessions covering yoga philosophy, anatomy & physiology, Ayurveda, teaching methodology, and examination preparation.

Languages

Classes are conducted primarily in **Hindi and English** to create a comfortable and interactive learning environment.

Study notes, examination guidance, and doubt-solving **support are available in Hindi, Marathi, and English, allowing every student to prepare in their preferred language.**

What You'll Receive

- ✓ Live Online Classes
- ✓ Session Recordings
- ✓ Comprehensive Study Notes
- ✓ Practical & Theory Preparation
- ✓ Personal Guidance Throughout the Course
- ✓ Complete Preparation for All Four Certifications
- ✓ Examination Registration Support

Your Learning Journey

During these five months, you will progress through four carefully structured certifications: Yoga Pravesh → Yoga Parichay → YCB Level 1 (Yoga Protocol Instructor) → YCB Level 2 (Yoga Wellness Instructor Course)

Each stage builds upon the previous one, taking you from personal practice to professional teaching in a gradual and systematic manner.

Yoga Pravesh

The first step of the program focuses on building a strong personal practice and introducing the fundamentals of yoga.

Practical

- Approximately 33 foundational asanas
- Basic pranayama techniques
- Meditation practices
- Relaxation techniques
- Introduction to yogic lifestyle and discipline

Theory

- Introduction to the principles of yoga
- Basic concepts of yogic practice
- Preparation for the MCQ examination

Examination Pattern

Conducted online.

- Practical Demonstration
- MCQ Examination

Yoga Pravesh lays the foundation for the certifications that follow and prepares you for a deeper study of yoga.

Yoga Parichay

Yoga Parichay marks the transition from learning yoga through practice to understanding the science and philosophy behind it. Along with advancing your practical skills, this level introduces the classical texts and the fundamental concepts that form the foundation of yogic knowledge.

Practical

- Approximately 40 asanas
- Intermediate pranayama techniques
- Meditation practices
- Refinement of alignment and practice

Theory

Paper I – Yogic Texts

- Introduction to Patanjali Yoga Sutra
- Selected chapters from Hatha Yoga Pradipika

Paper II – Human Sciences

- Human Anatomy & Physiology
- Introduction to Ayurveda
- Basic understanding of the human body from both modern and traditional perspectives

Examination Pattern

Conducted online.

- Practical Demonstration
- Theory Paper I
- Theory Paper II

At this stage, students begin connecting their practical experience with the philosophy, anatomy, and scientific principles that support yogic practice.

YCB Level 1 – Yoga Protocol Instructor (YPI)

The first YCB certification introduces students to the fundamentals of teaching yoga through the Common Yoga Protocol while strengthening both practical skills and theoretical understanding.

Practical

- Common Yoga Protocol
- Asana
- Pranayama
- Meditation
- Shatkarma (as per syllabus)
- Bandhas & Mudras
- Demonstration Skills
- Teaching Skills

Theory.

- Introduction to Yoga & Yogic Practices
- Introduction to Yogic Texts
- Yoga for Health Promotion

Examination Pattern

- Practical Demonstration
- Teaching Skills Assessment
- Application of Knowledge
- Field Experience
- MCQ Theory Examination

This level focuses on developing the confidence to conduct safe, structured, and effective yoga sessions while building a strong foundation for higher YCB certifications.

YCB Level 2 (400 hrs TTC)– Yoga Wellness Instructor (YWI)

The Yoga Wellness Instructor certification is the second level of the Yoga Certification Board. It combines classical yogic knowledge with practical teaching skills, preparing students to confidently conduct yoga sessions for health promotion and wellness.

Practical

- Demonstration of prescribed asanas
- Pranayama
- Meditation
- Shatkarma (as per syllabus)
- Teaching methodology
- Class planning and practical application

Theory

The syllabus includes the study of:

- Patanjali Yoga Sutra (selected chapters)
- Bhagavad Gita (selected chapters)
- Hatha Yoga Pradipika
- Introduction to the Upanishads
- Introduction to the Darshanas
- Panchakosha and the yogic understanding of the human personality
- Anatomy & Physiology
- Principles of Yoga for Health and Wellness

Examination Pattern

- Conducted online.
- Practical Demonstration
- Teaching Skills Assessment
- Viva Voce
- MCQ Examination
- Short Speech / Presentation

The Yoga Wellness Instructor certification develops both subject knowledge and teaching competence, enabling students to conduct yoga sessions with clarity, confidence, and a sound understanding of traditional yogic principles alongside modern scientific concepts.

The Learning Experience

We have designed this program to be flexible, interactive, and compatible with the schedule of students, working professionals, and homemakers—without compromising the depth of learning.

Live Online Classes

All practical and theory sessions are conducted live, allowing students to interact, ask questions, and learn in a structured classroom environment.

Session Recordings

Every live session is recorded and shared with the students, making it easy to revise concepts or catch up if a class is missed.

Comprehensive Study Notes

Well-structured notes are provided for every stage of the course, helping students prepare systematically for both theory and practical examinations.

Multilingual Learning

Classes are conducted primarily in Hindi and English to ensure everyone can participate comfortably.

Study material, notes, doubt-solving, and examination guidance are available in Hindi, Marathi, and English, allowing students to prepare in the language they are most comfortable with.

Personal Guidance

From your first class to your final examination, we guide you through every stage of the learning process, including practical preparation, theory, teaching skills, viva, and examination strategy.

Examination Support

We assist students with examination registration, syllabus planning, revision sessions, mock teaching practice, and preparation for every component of the certification process.

Career Opportunities

The global wellness economy is one of the fastest-growing sectors in the world, with increasing awareness of preventive healthcare, stress management, and holistic well-being. As a result, the demand for qualified yoga professionals continues to grow across India and internationally.

Unlike many professions, yoga offers the opportunity to build a career on your own terms.

As a Certified Yoga Teacher, You Can

- Conduct private one-to-one sessions
- Teach group classes
- Work with yoga studios and wellness centres
- Lead corporate wellness programs
- Teach in schools and educational institutions
- Organise workshops and retreats
- Offer online classes
- Build your own educational brand through social media and digital platforms

Create Your Own Opportunities

A yoga certification is not limited to a job. It can become the foundation of an independent practice or entrepreneurial journey. Many yoga professionals choose to build their own communities, create courses, conduct retreats, and expand their reach through digital platforms.

Whether you wish to teach part-time alongside your current profession or pursue yoga as a full-time career, the opportunities are diverse and continue to evolve with the growing wellness industry.

Your certification is the beginning. Your vision, consistency, and creativity determine how far you grow.

Investment in Your Learning

Program Fee

₹60,000

Duration: 5 Months

Your Investment Includes

- Complete 5-month Yoga Teacher Education Program
- Live practical and theory classes
- Session recordings
- Comprehensive study notes
- Personal guidance throughout the course
- Preparation for all four certifications
- Examination registration and guidance
- Examination fees for:
 - Yoga Pravesh
 - Yoga Parichay
 - YCB Level 1 – Yoga Protocol Instructor (YPI)
 - YCB Level 2 – Yoga Wellness Instructor (YWI)

Transparent Fee Structure

The program fee of ₹60,000 is all-inclusive.

It covers your tuition, study support, guidance, and the examination fees for all four certifications.

There are no additional or hidden charges during the course.

Payment

The program fee may be paid in **two instalments**.
Please contact us for registration and payment details.

Admissions & Enquiries
